

Sewing Threads Paper Tube Making Machine Ball Winding Machines Cone Winding Machine Tube Winding Machine ...

Innovative and Proven Technology Machines

PSB INDUSTRIES established in 1993 was specialized on winding spare parts for the domestic textile winding machines. With the wide acceptance of these winding machines spare parts, having realised the need for the innovative machines such as **Ball Winding Machine, Sewing Thread Paper Tube Making Machine, Cone Winding & Tube Winding Machine.** PSB Industries started developing in the year 2010 onwards these machines with its own inhouse R&D.

To-day so far PSB Industries has successfully manufactured and supplied more than 3000 Nos Cone Winding Machines, 60 plus Ball Winding Machines, 14 plus Tube Winding Machines and 10 Paper Tube Making Machines.

All these machines are working in the best performance against every customer's specified requirement. Such requirements are mostly from repeat order customer's and to meet such large requirement of these machines supply, PSB Industries is currently geared up its manufacturing facilities, with additional manufacturing facilities for early delivery.

Ball Winding Machine

No. of spindle	: 6,10,12,14,18
Materials	: Cotton, Polyester, HDPE, Nylon, Woolen, Jute etc.,
Weight of the Ball	: Between 10gms to 500gms
Models	: Manual & Semi Automatic
Electrical Motor	: 1.0 HP(Manual) 1.0 HP & 1.5 HP(Semi automatic)
Semi Automatic	: with Gear box & Control Panel
Colour	: Blue, Orange

Sewing Threads Papertube Making Machine (Automatic)

Tube ID	: 9mm to 20mm
Cut Tube Length	: 38mm to 64mm
Tube Total Length	: 250mm
No. of Tubes/hr	: 3 to 4 Tube delivery
Per Shift	: 50Kg
Electrical Motor	: 0.5 HP
Colour	: Blue, Orange

Cone Winding Machine

No. of Head	: 1 to 48
No. of Spindles	: 2 per head
No. of Cones	: 4 per head
Spindle speed	: 2200
Electrical Motor	: 0.25 H.P. per head
Head weight	: 90Kg
Colour	: Blue, Orange
Production per Head :	
	96 Cones of 5000 Mtrs / Shift (4 Cones / 20 Mtrs)

Tube Winding Machine

No. of Head	: 1 to 48
No. of Spindle	: 2 per head
No. of Tube	: 6 per head
Spindle speed	: 2200
Electric Motor	: 0.25 H.P. Per head
Head weight	: 90Kg
Colour	: Blue, Orange
Production per Head :	150 Mtrs / Minute

These Products are no doubt innovative and successfully proven not only as cost saving, but also less maintenance to enhance the manufacturing productivity and supply of these machines, **PSB INDUSTRIES** has engaged **VETRI ENGINEERS** as the marketing promoters to the domestic and global textile market.

High precision accuracy is given top priority in PSB production process. PSB finds pride in meeting the most stringent tolerances. PSB continuously innovates and improves the products towards customers satisfaction.
